

## 800 Amp Rental Transfer Switch Zenith ZTG800

### Built for dependability

GE's Zenith ZTG Series switches are built for standard applications requiring the dependability and ease of operation found in a power contactor switch.

ZTG switches are equipped with GE's Zenith MX150 microprocessor panel, which controls the operation and displays the status of the transfer switch's position, timers and available sources. As an embedded digital controller, the MX150 offers high reliability and ease of unattended operation across a range of applications.

### PRODUCT SPECIFICATIONS

<b>Amp</b>	800
<b>Voltage</b>	480V
<b>Enclosure Type</b>	3R outdoor rated
